SCDXC Newsletter

The Southern California DX Club is an informal group of dedicated men and women active in the amateur radio community who enjoy communicating over the air with other radio amateurs around the world.

The SCDXC strongly supports the DX Code of Conduct. Please visit their website:

www.dx-code.org

The SCDXC newsletter is published monthly and released to everyone around the first week of each month. Amateur and DX related letters, news and pictures are welcome and will be published as time and space permit.

Articles will be republished with recognition of the author and the club. Reuse of copyrighted materials require the original author's permission.

Any questions regarding this newsletter or its articles should be addressed to the Editor, Bill, N6RV at:

n6rv@scdxc.org

Gatherings are informal and impromptu. Anyone interested in gathering can initiate one. Notify N6RV and an email will be pushed out to the group. If you would like to join that email list see our website or email N6RV.

Please check the club web site for events and details at:

http://www.scdxc.org

If you need him get in there and work him"

Roger Wagner SK

Though he was not an HFer (mostly 6 meters) Roger Attended many IDXCs. When converting N6CA's logs to ADIF I saw Rogers call on almost every page. He was a contester. He was a very interesting character with strong onions and lots of fun to chat with.

Here is the announcement from Marty Woll, N6VI:

This may have been announced elsewhere, but I just learned on Saturday that Roger Wagner K6LMN became a Silent Key last month. Those of you who have participated in VHF / UHF contests over the past several decades undoubtedly had Roger in your logs on multiple bands. Roger was a tireless rover in nearly all of those contests and, over the years, activated roughly 1,000 grid squares in all 50 states. He had also operated from over 40 DXCC entities.

Roger was a unique character, and there was no doubt as to his love of Amateur Radio, having actively used his license for over seventy years.

73, OM.

Editor's Notes

June showed some promise. We had two big openings to Europe which some of us slept through! DX is still going strong and activity, mostly FT8, is consistent.

Please note that the 2027 IDXC planning has begun. Wyndham Hotel reservations for the 2027 IDXC open on October 1, 2026. Check the announcement later in the newsletter.

It is time to plan the Holiday Party! If you are interested in attending let us know and let us know what date works for you. I think if we get in early we will have our pick of Saturdays in December. Sadly, Think Café does not reserve their big room on Sundays.

The DX Sampler

Here is a sample of the DX that was active in June:

Rumors on the Band

There are a few DXpeditions going out this month, not bad for July. It looks like Darek, HF3GD is on a solo mission to activate all of Africa!

Remember that we are in the middle Es season and both 6 and 10 meters will have unusual openings that are usual this time of year. Dust of you radios fellas!

DX Standings

Thanks to AA6AA, Steve, KN6ZZI, Warren, and N6RV, Bill for their updates. We need more of you to send in those cards, letters and emails!

If you are a new member please join ClubLog and then sign up for the Southern California DX Club. If you need help email me. Send any updates to:

N6RV@SCDXC.org

SCDXC WAZ and DXCC Standings

The first WAZ column is the confirmed zone count on 10 bands 160 - 6 (less 60 meters). The second column is the regular 5BWAZ confirmed count. The following are the codes that follow the two columns and indicate the awards:

M	Mixed
P	Phone
C	CW
R	RTTY

Here are links to the published standings:

Chart Legend	
White / Green	Entity Worked This Year by a Member
Black / White	Very Active Entity Not Yet Worked
Black / Blue	Entity with Announced DXpedition
Black / Yellow	Rarely Active Entity Not Yet Worked
Black / Red	Inactive Entity
	Deleted Entity

Aside from the massive 6 meter openings this has been a pretty slug-gish month. ClubLog leaders picked up 2 new entities (SV/A & YK). SCDXC members moved up 2 as well.

This time of year is when things wind down a bit. People are getting ready for summer and travel while others take care of things around the house that had to wait until it is warmer. The bands are full of DX and that is a good thing, It is evident that the solar cycle is on the decline. 10 and 12 meters is vacant except for the north south openings to South America and the Asian openings. 15 meters which is the money band for Field Day had a low turn out as well. 17 meters has been good.

Who's on 6

Well, 6 meters has come alive albeit later than usual. Since there has been at least 3 significant European openings it is time to take stock. Together we worked 113 entities. Members in Southern California worked 57 entities and 5 unique entities while those outside Southern California worked 108 entities and 33 unique entities. Larry, K6RO and Peter, N0FW account for most of those. Chip, N6CA has not chimed in yet and is expected to raise that number.

Here is what was copied in Southern California on 6/29, the biggest European openings this year. There were 50 German stations copied, 38 Italian, and 21 Dutch. That has to be a record. As noted before a Guernsey station showed up late in opening at the end. All in all 171 European stations were copied. That too had to be a record. What caused this opening? Nobody knows. You just have to be there. By the way, are you on DX Chat on Discord yet? That is where you get the play by play announcements. Also, ON4KST and PSK Reporter are a must.

Note that the opening lasted 5 hours and one DL station was copied for 2.5 hours. If the stations were on CW 69 of them would have been 7 dB out of the noise in a 100 Hz bandwidth, that is good enough to copy and 93 of the stations would have been 3 dB out of the noise, good enough to copy with an audio peaking filter. Note that FT8 averages the SNR over the 15 second period. A CW contact takes seconds and in that FT8 period there may well be a peak where the SNR is much higher. The issue CW ops have to contend with is adjacent channel interference and locals. That is not really the case with FT8. Another thing to consider is the SNR values reported in the table are the max over the period they were copied. Many cycles were much lower. So a good CW operator would have to hover over the station and hope that when he pops up he could nab him. That takes time and possibly other DX stations are peaking at the same time meaning you would have to be very fast and proficient. Even then you would miss many of them.

The club listing is on the following page. Many have already exceeded the number of entities worked last year and have added to their DXCC total. Mike, W6YLZ, is 11 away from DXCC! Larry, K6RO is closing in on DXCC in 1 year!

ROB WA3IHV, SMS (760) 522-8688 OR EMAIL: WA3IHV@GMAIL.COM

International DX Convention

IDXC

77th International DX Convention

March 12-14th, 2027

Visalia, CA

Save the dates: IDXC 2027 is March 12th-14th, 2027.

I have confirmed with the Visalia Wyndham that **we will open Hotel Registration on October 1st.** That is the same date that we used in 2023. Room rates are only $129 per night! Campers and Motor homes are welcome.

You can bring your own wine and we will bring back the outdoor Barbecue.

Watch our website: **DXConvention.com** for updates early in 2026.

We hope to see you there!

Paul N6PSE

Co-Chairman, IDXC 2027

President, Northern California DX Club

Propagation

We have had a slight reprieve in the downward trend of the cycle. It seems to have plateaued as it did before the peak. Conditions are good when there is no solar storm. Maybe we can blame it all on global warming… eh?

We are in summer so the noise will be worse. We are also at peak sporadic E season. Even 10 meters might come alive!
